

Do you need an advantage in today's complex market?

The residential mortgage industry is consolidating. Are you ready to adapt to the changing market? Consider the iVantage Executive Program[®]. Our Executives are much more than loan officers. With multiple revenue streams, we empower our associates with programs that lead the industry and provide our professionals with the most dynamic and innovative mortgage opportunity in today's marketplace.

The iVantage Executive[®] has multiple revenue streams:

- **Residential Loan Officer**
Work as a traditional residential loan officer. We offer our Executives lucrative splits on some of the top residential loan programs in the industry. Strong relationships with top lenders give us priority treatment and quick closings. Multi-state licensing, government programs, and emerging mortgage banking products are also available.
- **AHL Loan Coordinator**
Our Executives also partner with our sister company, Agent Home Loans. AHL provides loan origination programs for real estate professionals. As a coordinator, you will place direct business from your team of real estate originators on a split commission basis. Work with our contracted agents, or build your own team.
- **Commercial Loan Officer**
iVantage is affiliated with Nationwide Commercial Funding, one of the top commercial lenders in the country. We offer the best commercial programs and most competitive rates in the industry.
- **NCF Account Executive**
As part of our affiliation with NCF, our Executives are able to work as NCF Account Executives, introducing our commercial products to mortgage brokers nationwide. Once a new broker is enrolled as an NCF Wholesale Broker, the Executive earns commission splits from all transactions from that broker.
- **Team Leader**
Build your own team of Executives. Train and mentor your team and earn overrides on all of their residential or commercial transactions.
- **Affiliated Programs**
Earn additional revenue by enrolling in our affiliated programs (some programs require additional licensing). As an iVantage Executive, earn additional revenue by offering your customers other services, for example:
 - Home & Auto Insurance
 - Tax Preparation Services
 - Mortgage Protection Program
 - Home Warranties
 - Financial Planning Services
 - Real Estate Services
 - Private Equity Lending
 - Equipment Financing and Leasing
